FACTORY MANAGEMENT and MAINTENANCE

McGRAW-HILL PUBLISHING CO., INC., 330 West 42nd Street, New York, N. Y.

Index to

Volume 105, January to December, 1947

A

AC Spark Plug—cartoon strips promote the suggestion system ..... May *87
Aeroquip Corp. family allowance for salaried employees ..... Oct. 131
Air compressors, small size, serve local. May *127
Air conditioning—Carpet yarn plant built for low-cost production and upkeep. R. E. Oberholtzer ..... July *116
Aircraft Screw Products—production planning and control for quick customer service. E. M. Lang ..... Feb. *123
Allegheny Dudlum Steel—selling the company to the community ..... Apr. *78
Allis-Chalmers Mfg. — article digests speed library reading. Martha Hershey ... Jan. 150
Experience with a left-wing union. Walter Geist ..... Mar. *80
Fixture to hold copper coil ..... Feb. *135
Floor rake for cleaning compound .... Apr. *90
Aluminum Co.—a crane maintenance program that cut cost 30 per cent. A. S. Lucas Feb. *132
The foreman's new status. R. K. Heineman Sept. *93
Management handbook gives foremen "all the answers." J. L. Patterson .... Oct. 125
Power truck fleet solves tough handling problem ..... Apr. *74
Welding repairs water turbine shaft. A. R. Callender ..... Apr. *88
Aluminum Cooking Utensil—upkeep program for dust and fume collectors. A. V. Bolt Aug. *76
American Central Div., Avco Mfg.—case study in transmitting company facts. E. O. Johnson ..... Oct. *100
American Management Association — discussions at the Fall Conference ..... Jan. 246
American Optical—giving worker information about company ..... Mar. *106
American Paper Box Co.—stopped washroom loitering. H. D. Fogel ..... Dec. *97
American Paper Goods—job evaluation fundamentals. B. A. Moski, Jr. (Management Data Sheets) ..... Apr. 92
Merit rating fundamentals. B. A. Moski, Jr. (Management Data Sheets) ..... June 138
Production engineering fundamentals. B. A. Moski, Jr. (Management Data Sheets) Aug. 136
Standard costs fundamentals. B. A. Moski, Jr. (Management Data Sheets) .... July 148
American Rolling Mill—"safety crime" puzzle makes worker hazard-conscious ... Mar. *77
American Tissue Mills — scale model helps plan multi-story handling ..... June *74
American Welding & Mfg.—methods manual for small shop. H. H. Alden ..... Dec. 85
American Type Founders—political contributions. B. F. McClancy ..... Sept. *92
Time study training for stewards and committeemen. H. M. Hinkel ..... Aug. *78
Ansco Div., General Aniline & Film—booklet for employees explains pay plan ... Apr. 90
Argentina—how factory workers live. E. G. Maley ..... July *82
Armstrong Cork Co.—controlling raw materials to meet varying production. R. L. Bowles ..... Jan. *94
Arnold Bros.—centers ball bearings with setscrews. Frank Cowan ..... Jan. *146
Associated Factory Mutual Fire Insurance—fire fighting equipment. A. L. Brown (Plant Operation Library) ..... May *111
Unusual electrical fires—and why they occurred. C. F. Hedlund ..... Mar. *110
Automotive & Aviation Parts Mfrs.—what's ahead for the unions. Frank Rising . Apr. *50
Auto-Soler Co.—partnership plan pays off for everyone in the plant. W. H. Wilkerson July *135
Australia—how factory workers live. Herbert Leopold ..... July *87

B

Bearings — movable rack holds babbit strip material. D. G. Cochran ..... Feb. *134
Bell & Howell—house telegram ..... Feb. *134
Indicating lamps simplify trouble-shooting in heating plant. Branson Weaver .. Feb. *86
A recreation program with something for everybody. W. L. Johnson ..... May *77
Belmont Radio Corp.—job instruction sheets increase output per man-hour. W. L. Hardesty ..... Sept. *72
Bendix Radio — electrified dolly track aids radio testing ..... Aug. *133
Employee voting procedures. R. C. Smyth Sept. *84
Handling adhesive-backed paper tape . June *134
More preplanning, less methods changing. G. R. Faustman ..... June *76
Power screwdrivers paid when used 30 minutes a day. Alan Kahn ..... July *137
Tilting platform cuts effort in radio packing Oct. *131
Bethlehem Steel—utilizing mechanized handling to speed maintenance. T. A. Lewis Aug. *110
Bigelow-Sanford Carpet Co.—secondary boycotts. H. S. Hall ..... Sept. *88
Boston Gear Works—emergency stop switches operated by foot. Ralph Morin ... Sept. *131
Special dolly for grinding wheels. Ralph Morin ..... Dec. 127
Bostrom Mfg. — forecasting labor requirements. J. H. Kitterman ..... Mar. *107
Budd Co.—new mediation board. J. R. Bangs Sept. *91
Budgeting—maintenance budget matches manpower and work load. P. H. Burkons Sept. *106
Buildings, see Plant buildings
Bullard Co.—disappearing boards show plant layout in sections. C. H. Parks .... Dec. *81
How one company solved its bar stock storage problem. C. H. Parks ..... Nov. *71

C

Cadillac Motor Car. Div. — hospital layout saves time for patients and doctor. E. A. Irvin ..... June *123
Canada — Canadian formula for labor peace. James Montagnes ..... Feb. 122
How factory workers live. J. F. Flaherty July *83
Canadian General Electric—on-the-job repairs with maintenance truck. C. B. Muir . Apr. *88
Capitalism — democratic capitalism is worth fighting for. Clarence Frances ..... Jan. *102
Carrier Corp.—featherbedding. H. M. Dirks Aug. *90
Cartoons about Dumb Dora enliven safety program ..... Feb. *130
Cartoon strips promote suggestion system May *87
Casco Products—cases in work simplification July *97
Caterpillar Tractor — grievance procedures. Ralph Monk ..... Aug. *89
Guided tours build good will ..... May *131
Sponsors management dinners ..... Aug. 108
X-ray screens out chest cases in hiring and placing employees ..... Jan. *140
Century Electric—display trucks improve works quality ..... Dec. 128
Central Mine Equip. — stockpiles controlled vertical separators ..... June 134
Cheney Bros. — new plant at Manchester, Conn. ..... Apr. B *60
Cherokee Textile Mills—report to employees ties wages to profits. A. G. Heinsohn, Jr. Nov. *85
Sealed compressor house means cleaner air, less noise. W. L. Bowen ..... Oct. *99
Windows painted inside and out for coolness. L. W. Deaver ..... Nov. 131
Chevrolet Motor Div., G. M. C. — cases in work simplification. Dustman & Bell Sept. *97
China—how workers live. A. W. Jessup . July *85
Chipman Knitting Mills — converted an old building to a windowless plant. J. F. Michler ..... Aug. *104

CLEANING

How to rate your housekeeping. Blankmeyer & Kacel ..... Mar. *90
"Keep clean" signs encourage neatness. J. R. Taylor ..... Mar. *130
Upkeep program for dust and fume collectors. A. V. Bolt ..... Aug. *76
Wall ashtrays help keep plants clean. A. V. Larson ..... Jan. *150
Collating sheets for booklet — motion study saves time. Homer Smith ..... Dec. *93
Color code for power outlets. J. H. Duncan June *89
Committee for Economic Development—plan for labor peace ..... Apr. 77
Compressed air—air compressor cooling water salvaged ..... Sept. *132
Sealed compressor house means cleaner air, less noise. W. L. Bowen ..... Oct. *99
Congoleum-Nairn—periscope speeds automatic operation ..... July *142
Conmar Products—salvaged abrasive wheels speed maintenance works. H. J. Keener Nov. *130
Continental Paper—new wage plan guarantees share of production. A. J. Woodfield Nov. *74
Cook Electric — making job improvement everybody's job. R. C. Hasselhorn . . Dec. *100

COST CONTROL

Better lubrication at two-thirds the old cost. P. H. Bahnsen ..... Sept. *100
Cost of maintenance in seventy-six industries. 1943-44 (table) ..... June 96a
Decentralized production control at 25 per cent saving. M. V. Haaz ..... July *94
Employee relations plan helps double small-plant productivity. R. C. Tyo ..... Dec. *78
Flow chart points way to low-cost maintenance. R. D. Fell ..... Mar. *84
Labor cost control with minimum time lag. R. D. Fell ..... May *104
Keeping maintenance costs in line with forecasts. J. G. Christfield ..... Jan. *129
Production planning and control for quick customer service. E. M. Lang .... Feb. *123
Reducing standard parts costs by 10 per cent a year. C. E. Erickson ..... Mar. *71
Repair cost record guides machine maintenance. J. R. McLain ..... Oct. *110
Revamped shipping layout cuts costs 10 to 30 per cent. C. M. Erickson .... Sept. *70
Standard costs fundamentals. B. A. Moski, Jr. (Management Data Sheet) ..... July 148
Weatherhead Co. cuts production control costs with new system. R. J. Finnegan June *83
Work simplification increases production 50 per cent at Victor Adding Machine. Otto Madliger ..... Nov. *98
Council of Profit Sharing Industries to be formed ..... Oct. 23
Crane maintenance program cut cost 30 per cent. A. S. Lucas ..... Feb. *132
Crosley Div., Aviation Corp. — on-the-line training with job instruction sheets. F. X. Droege ..... Nov. *72
National welfare strikes. G. F. Gamber Sept. *86
Crosley Motors, Inc.—flow layout means more output at less than estimated costs . . Oct. *76
Cutler-Hammer — what close control of inventory means to management. J. C. Borden ..... Feb. *105

D

Day-Brite Lighting—new layout wipes out a storage. R. V. Wilk ..... Oct. *105
Dominion Engineering Works—two-language manual teaches safe work habits ... Jan. *148
Dodge Div., Chrysler Corp.—scale models help visualize the production job ..... Dec. *74
Dumore Co.—production control based on improved inventory records ..... Dec. *98

DUST AND FUMES

Modernized foundry to make it a better place to work (picture feature) .. Sept. *74
Sealed compressor house means cleaner air, less noise. W. L. Bowen ..... Oct. *99
Under-floor exhaust dust and blower system and new layout increases floor space. J. S. Kessler ..... Feb. *100

E

Eastern Malleable Iron—time study fundamentals. B. A. Moski, Jr. (Management Data Sheet) ..... Feb. 138
Wage incentive fundamentals. B. A. Moski, Jr. (Management Data Sheet) .... Mar. 132

EDITORIALS

The American worker thinks for himself Dec. 65
Britain's economic prospects ..... Oct. 65
Cut prices? yes but not industry alone . May 65
The devil a monk would be ..... Mar. 65
How labor leaders need to be led .... Feb. 73
In Britain and France the need is more output per man-hour ..... Sept. 65
It's back to work we go—we hope .... Jan. 65
The machine tool show—event of national importance ..... July 65
Make the new labor law work ..... Aug. 65
Management has the same chance that labor muffed ..... Nov. 65
The only road to worker security .... Apr. 49
Working won't bring depression ..... June 65
Electric Storage Battery — regular inspection keeps hoists and ladders safe. C. Y. Wilgus ..... Feb. *121

ELECTRICAL APPLICATIONS

Electrified dolly track aids radio testing Aug. *133
Infra-red efficiency improved by cleaning. S. A. Karch ..... Apr. *87

*Illustrated.

Supersonic equipment available for finding flaws. G. A. Van Brunt.....May *94
Unit heaters give more floor space...May *131

ELECTRICAL CONTROL

How to apply and maintain limit switches. W. H. Bloodworth.....Mar. *97
How to select and maintain definite-time-control relays. R. B. Taylor.....Dec. *102
How to select and maintain motor controls. L. F. Markle.....June *129
Indicating lamps simplify trouble-shooting in heating plant. Branson Weaver..Feb. *86
Induction furnace and pot furnaces connected to different controllers. C. E. Kohl Jan. *150
Master switches—what they are and how to service them. L. J. Parkinson..Sept. *126
Switchboard model pilots substation operation. Joseph St. Andre.....Feb. *110
Time clocks control power factor correction. R. H. Heidrich.....July *111

ELECTRICAL DISTRIBUTION

Coded colors show which power outlets to use. J. H. Duncan.....June *89
Power factor correction controlled by time clocks. R. H. Hendrich.....July *111
Revamping electrical distribution systems. D. L. Beeman (Plant Operation Library) Oct. *113-124
Signal lights trace electrical trouble. Pat Connelly.....Aug. *134

ELECTRICAL MAINTENANCE

Cleaning improves infra-red efficiency. S. A. Karch.....Apr. 87
Defects and malpractices that lead to electrical fires. C. F. Hedlund.....July *108
How to apply and maintain limit switches. W. H. Bloodworth.....Mar. *97
How to maintain electrical meters and instruments. C. E. Fry.....Oct. *96
How to maintain motor-driven rheostats. H. F. Littlejohn, Jr.....Sept. *118
How to select and maintain definite-time-control relays. R. B. Taylor.....Dec. *102
Master switches, what they are and how to service them. L. J. Parkinson...Sept. *126
Plant lighting. Harris Reinhardt. (Plant Operation Library).....June *111
Unusual electrical fires — and why they occurred. C. F. Hedlund.....Mar. *110
Electrolux Corp. — smallplant handling by power truck.....May *123
Electromode Corp. — electric heating — more floor space.....May *131
Elgin National Watch—it's management's job to fight economic quackery. T. A. Potter May *84

EMPLOYEE RELATIONS

Absenteeism reduced by new wage plan. R. H. Scobell.....May *102
Ads give company facts to the worker June *100
Ads tell workers about company products. H. A. Morss, Jr.....May *125
Aptitude tests match men and jobs. R. E. Kline.....Nov. *126
Automobile assembly work helped by low chairs.....May *129
Allis-Chalmers' experience with a left-wing union. Walter Geist.....Mar. *80
Better vision for greater efficiency (Plant Operation Library).....Sept. *109-116
Booklet for employees explains pay plan Apr. 90
Cafeteria—conveyor carries off dirty dishes Nov. *132
Canadian formula for labor peace. James Montagnes.....Feb. 122
Case study in transmitting company facts. E. O. Johnson.....Oct. *100
CED's plan for labor peace.....Apr. 77
Central cloakrooms save time, insure safety. G. L. Lambert.....Sept. *131
Company manual readership stimulated by quiz on contents. E. A. Watson....Jan. 148
Company paper reviews labor relations May *101
Desk posters set supervisors to thinking. G. F. Thomas.....Aug. *75
Display trucks improve work quality..Dec. 128
Economic facts in pictures prepared for GM employees.....July *114
Employee opinion survey aids Ford in policy making.....June *132
Employee relations plan helps double small-plant productivity. R. C. Tyo.....Dec. *78
Evolution of labor laws—and strike record (chart).....Jan. 76
Exhibit of products sparks worker interest Dec. 127
Family allowance for salaried employees Oct. 131
Forecasting labor requirements. J. H. Kitterman.....Mar. 107
Four-hour induction school gives job picture to new workers. P. C. Williams Nov. *117
Getting ideas from foremen for labor contract changes. H. F. Gracey.....Oct. *94
Giving worker information about company Mar. *106
Goodyear tells workers facts in company paper.....June *96
Guaranteed annual wages.....Feb. 79
Health and welfare insurance.....Feb. 74
Hospitalization plan with unusual coverage Sept. *117
House telegram.....Feb. *134
How factory workers live around the world July *66-88
International Harvester's attack on radical labor leadership.....Dec. *66
Is AFL pointing the way to management-labor cooperation? Whiting Williams Feb. 119
It's management's job to fight economic quackery. T. A. Potter.....May *84
Job evaluation fundamentals. B. A. Moski, Jr. (Management Data Sheets)....Apr. 92
Jobs analyzed for work hazards. G. H. Metz Aug. *126
The kind of "free" labor we need. Frederic Kammann.....July 138
The labor crisis — its causes and cures Jan. *66
The labor law will be repealed if you don't watch out.....Oct. *66
Management handbook gives foremen "all the answers." J. L. Patterson....Oct. 125
Management looks at compulsory arbitration.....Mar. *66
Merit rating fundamentals. B. A. Moski, Jr. (Management Data Sheets).....June 138
Methods manual for small shop. H. H. Alden.....Dec. 85
Movies in lunch-hour for relaxation..Nov. 132
NAM stresses labor policy at convention Jan. 253
Name tags help maintain friendly atmosphere.....Mar. *128
Nathan report on the wage policy for 1947—fallacies of the report.....Jan. 97
New stock issue explained in quarterly letter.....June 108
News letter keeps supervisors informed Feb. 136
Nursery for children of employees....Apr. *81
Paid sick leave has accumulation privileges. R. Conklin.....Dec. 127
Partnership plan pays off for everyone in the plant. W. H. Wilkerson.....July *135
Personnel records of 900 employees kept by one girl. R. D. McMillen.....June *109
Picture-story report shows wage-and-profit data.....May *128
Portal-to-portal pay — questions and answers.....Jan. 74
Posters aim at greater production (picture feature).....Jan. 136
Posters promote worker welfare.....Mar. *87
Preview of catalog builds good will..Dec. 126
Previewing job results in less labor turnover. Robert Young.....July *93
Rand labor-relations formula at work.Mar. *94
Recreation program with something for everybody. W. L. Johnson.....May *77
Report to employees ties wages to profits. A. G. Heinsohn, Jr.....Nov. *83
Savings accounts for new babies....Apr. *87
Stamp book facilities voluntary payroll savings.....Oct. *131
The state of the unions. M. R. Franks Feb. *112
Strikes—when to strike and why. H. F. Wilkie.....Oct. *88
Suggestions heard at weekly forum...July 143
Suggestion system promoted by cartoon strips.....May *87
Taft-Hartley Law compared with British and Swedish practice.....Dec. 130
Taft-Hartley Law—how practical personnel men think the labor law will work —pt 1 Aug. *86
pt 2 Sept. *84
Test proves better seeing means more production.....Dec. *111
Town Hall meetings for better human relations between management and workers. S. H. Hammond.....Jan. *106
Training in a plant that's not so big. P. W. Kayser.....Apr. *82
Twice-a-year interviews help us stay acquainted with workers. G. H. Turner Apr. *73
Union brags about its company.....Jan. 240
Union contract clauses 1946-1947 (chart) June 73
U.S.A. 1950-1960 (charts & tables)..May 96a
Visking guaranteed income plan. L. C. Bajork.....Oct. 129
Wages are tied to profits—both workers and company gain. S. H. Hammond Mar. *105
Wage plan guarantees share of production. A. J. Woodfield.....Nov. *74
Washroom design stopped loitering. H. D. Fogel.....Dec. *97
Welcome booklet.....Oct. 133
What the factory worker really thinks — about his job; unemployment; and industry's profits.....Dec. *86
What management and leaders say should be done.....Jan. *82
What's ahead for the unions. Frank Rising Apr. *50
What's happening to productivity—Factory survey charts & tables.....Sept. *66
When foreman deals with worker. Gilbreth & Cook (Plant Operation Library).Mar. *115
When foremen organize, here's what they demand.....Apr. 62
White-collar unions.....May *97
Who the staff man is and what he does. J. W. McFarland.....Feb. *92
Why Ford workers voted down the pension plan.....Nov. *66
Work simplification cases.....May *108
July *97
Work simplification cases. Dustman & Bell Sept. *97
Work simplification increases production 50 per cent at Victor Adding Machine. Otto Madliger.....Nov. *98
Work simplification is everybody's job. R. C. Hasselhorn.....Dec. *100
Work simplification made everybody's tool. W. S. Wheeler.....Feb. *89
Work simplification starts with training for top management. H. E. McWane...Aug. *81
Worker independence again a factor in labor relations. Whiting Williams..June 94
Worker security next big union objective Feb. *74
Workers speak their minds about labor-law changers.....June *66
correction July 127
X-ray screens out chest cases in hiring and placing employees.....Jan. *140
X-ray survey for tuberculosis speeded Mar. *127
Employee relations—see also Training
Esterbrook Pen—salvage cloths minimize sprinkler damage. Stanley Brown.....June *136
Training "vitamins" build supervisory morale. Dan Grady.....July *143
Euclid Road Machinery—containers are controlling factor in production increase. H. T. Monson.....July *89

F

FIRE PROTECTION

Booklet for workers.....June *135
Defects and malpractices that lead to electrical fires. C. F. Hedlund.....July *108
Emergency squad strengthens defense against fires. G. A. Van Brunt.....Feb. *94
Fire-fighting equipment. A. L. Brown (Plant Operation Library).....May *111
Missing fire protection equipment easily spotted. R. B. Thompson.....Apr. *90
Salvage cloths minimize sprinkler damage. Stanley Brown.....June *136
Unusual electrical fires—and why they occurred. C. F. Hedlund.....Mar. *110
Fisher Body — Ternsted Div. — flights and chutes for between-operations handling. May *88
Floors—Floor care at low cost. H. C. Henderson.....July *139
Rake for cleaning compound.....Apr. *90
Ford Motor Co. — employee opinion survey aids Ford in policy making.....June *132
Plant model insures success in layout changes. W. F. Ploch.....July *130
Why Ford workers voted down the pension plan.....Nov. *66
Ford Motor Co. of Canada—the Rand labor-relations formula at work.....Mar. *94

FOREMEN

Are foremen really managament?....May *66
Chairman gives foremen basic economic facts. A. C. Higgins.....Sept. 129
Desk posters set supervisors to thinking. G. F. Thomas.....Aug. *75
Foreman the key man in safety training. Aug. *100
Foremen train workers with ready-made lectures. J. Manczyk.....July *128
Getting ideas from foremen for labor contract changes. H. F. Gracey.....Oct. *94
How foremen's clubs are helping foremen. May 71
Management handbook gives foremen "all the answers." J. L. Patterson.....Oct. 125
Responsibility for incentive administration. G. Z. Wollam.....Oct. 134
Selling a new production control plan to supervisors. A. G. Newton.....Dec. *118
Training "vitamins" build supervisory morale. Dan Grady.....July *143
When foremen deals with worker. Gilbreth & Cook (Plant Operation Library).Mar. *115
When foremen organize, here's what they demand.....Apr. 62
Forstmann Woolen Co.—company-dominated unions. Glenn Gardiner.....Sept. *94
Foundry increases output by modernization. H. K. McGavock.....Apr. *66
Foundry modernized to make it a better place to work (picture feature).....Sept. *74
France—how factory workers live. Michael Marsh.....July *70
Fruehauf Trailer—power trucks raise effective storage by 50 per cent. L. H. Niles.Dec. *94

G

Galvin Mfg.—central cloakrooms save time, insure safety. G. J. Lambert.....Sept. *131
Fitted trucks eliminate trips to stock crib. C. W. Gramlich.....May *129
Gas failures can be met by stand-by equipment. G. A. Van Brunt.....Nov. *124
General Electric—how to apply and maintain limit switches. W. H. Bloodworth..Mar. *97
How to figure the cost of light. J. C. Forbes Apr. 68
Master switches—what they are and how to service them. L. J. Parkinson..Sept. *126
New plant at Tiffin.....Apr. B *49
Saving in freight pays for expendable paper pallets. E. H. Ashley.....Mar. *108
Special lamps for shot-blasting rooms.Dec. *126
X-ray—new system speeds x-ray survey Mar. *127
General Foods Corp.—democratic capitalism is worth fighting form. Clarence Francis Jan. *102
General Instrument—cleaning improves infra-red efficiency. S. A. Karch.....Apr. 87
How we motorized 95 power presses. S. A. Karch.....Apr. *60
Non-financial awards promote good housekeeping. T. E. Keller.....July *133
Numbered fixtures expedite maintenance. S. A. Karch.....May 130
General Motors—giving employees economic facts in pictures.....July *114
Posters aim at greater production (picture feature).....Jan. 136
Posters give economic facts.....Feb. *104
Posters promote worker welfare....Mar. *87

*Illustrated.

General Motors Truck & Coach Div. — new plant at Pontiac, Mich. . . . . Apr. B *63
Germany—how factory workers live. J. L. Christie . . . . . July *74
Gillette Safety Razor—painted the plant in colors—here's how. W. J. L. Roop . June *91
Globe Wernicke — decentralized production control at 25 per cent saving. M. V. Haas . . . . . July *94
Goodrich, B. F.—clock records lost time accidents . . . . . Jan. *146
Fire prevention booklet for workers . . June 135
How we convince 22,000 workers that safety is their business. T. J. Cain Jr. Dec. *114
Goodyear Tire & Rubber—labor relations reviewed weekly in company paper . . May *101
Maintenance is well done because well planned. E. Clark . . . . . Feb. *109
Tells workers facts in company paper . June *96
Grand Rapids Chair — mechanization means handling five times faster. B. M. Baker Aug. *97

GREAT BRITAIN

Economic prospects (ed) . . . . . Oct. 65
How factory workers live. F. R. Brewster July *72
In Britain and France the need is more output per man-hour . . . . . Sept. 65
Guardian Electric—35+5=42½; a new wage plan. R. H. Scobell . . . . . May *102
"Welcome booklet" creates good impression. Frank Rowell . . . . . Aug. 133

H

Hammermill Paper — scrap-lumber sleeves speed fork truck moving . . . . . June *134
Harris-Seybold—separate power sources for electronic control. C. E. Kohl . . . . . Jan. *150
Heat exchanger efficiency increased. G. L. Radamaker . . . . . Nov. *131

HEATING AND VENTILATING

Electric heating—more floor space . . . May *131
Radiant heating for sidewalk in Cincinnati Apr. *87
Snow removal by steam heat. R. B. Thompson . . . . . Nov. *97
Heekin Can — radiant heating for sidewalk Apr. *87
Heppenstall Co.—welcome booklet . . . . . Oct. 133
Hercules Powder Co.—keeping maintenance costs in line with forecasts. J. G. Christfield . . . . . Jan. *129
Hoffmann-La Roche, Inc.—how two men store and distribute millions of gallons of liquids. J. E. Meyer . . . . . Jan. *98
A plant hospitalization plan with unusual coverage . . . . . Sept. *117
Hollingshead, R. M. Corp.—close control of maintenance with three-form system. J. R. Taylor . . . . . Dec. *82
"Keep clean" signs encourage neatness. J. R. Taylor . . . . . Mar. *130
Metal corner post protects cartons from damage . . . . . Mar. *127
Use of Greek red cross restricted . . . . May 131
House of Lance—stairway mirrors eliminate accidents. A. L. Bechtold . . . . . Aug. *132

I

INCENTIVES

Bonus and profit sharing raise plant efficiency—and no mistake. J. M. McGregor Feb. *102
How the Kaiser-Frazer production bonus works . . . . . July *106
Industrial engineering—a survey of practice in 80 plants. R. M. Barnes . . . . . Mar. *102
Non-financial awards promote good housekeeping. T. E. Keller . . . . . July *133
Responsibility for incentive administration. G. Z. Wollam . . . . . Oct. 134
Wage incentive fundamentals. B. A. Moski Jr. (Management Data Sheet) . . . . Mar. 132
India—how factory workers live. J. K. Van Denburg . . . . . July *86
Industrial engineering—Survey of practice in 80 plants. R. M. Barnes . . . . . Mar. *102

INDUSTRY

General Sommervell says: industry must act now to stop World War III . . . . Aug. *66
How factory workers live around the world July *66-88
Must industry take the rap for high prices? (charts) . . . . . June *104
What's happening to productivity—Factory survey charts & tables . . . . . Sept. *66
Inland Steel Co.—welfare funds. W. G. Caples Sept. *93

INSPECTION

"Consumer-eye" inspectors on automobile assembly lines . . . . . Nov. *132
Electrified dolly track aids radio testing Aug. *133
Elevator inspection report . . . . . Feb. *135
How plant-fitness inspections are made and followed up. H. L. Husson . . . . . June *79
Keeping a record of chains and hooks. D. E. McDonald . . . . . Feb. *135
Supersonic equipment available for finding flaws. G. A. Van Brunt . . . . . May *94
Swinging racks speed glass inspection. E. E. Redfern . . . . . May *129
Insurance—Health and welfare insurance . Feb. 74
Plant hospitalization plan with unusual coverage . . . . . Sept. *117
International Harvester — attack on radical labor leadership . . . . . Dec. *66

INVENTORY

Closer inventory control helps double production. Joseph Wahowski . . . . . Oct. *126
Controlling raw materials to meet varying production R. L. Bowles . . . . . Jan. *94
Low-cost inventories through close controls. C. R. Schubert . . . . . Nov. *102
Production control based on improved inventory records. F. O. Orthey . . . . Dec. *98

No red tape in this maintenance program. R. H. Heidrich ..... Mar. *123
Planned upkeep pays off as never before Apr. B 72
Preventive maintenance at Wallace & Tiernan. R. H. Heidrich ..... Apr. *84
Preventive maintenance based on four records. J. R. Clemens ..... Aug. *82
Repair cost record guides machine maintenance. J. R. McLain ..... Oct. *110
Safety rules for maintenance men ... Nov. 133
Schedule of maintenance provides for 24-hour operation of paper mill. T. M. Walters ..... July *124
Ten-step upkeep in a non-stop plant. H. S. Godshall, Jr. ..... Nov. *120
Trucks fitted for repair work. C. W. Gramlich ..... May *129
Truck for on-the-job repairs. C. B. Muir Apr. *88

MANAGEMENT

Allis-Chalmers' experience with a left-wing union. Walter Geist ..... Mar. *80
American Management Association discussions at Fall Conference ..... Jan. 246
Are foremen really management? .... May *66
Caterpillar sponsors management dinners Aug. 108
Chairman gives foremen basic economic facts. A. C. Higgins ..... Sept. 129
Compulsory arbitration for settling disputes is discussed by management ..... Mar. *66
Democratic capitalism is worth fighting for. Clarence Francis ..... Jan. *102
It's management's job to fight economic quackery. T. A. Potter ..... May *84
Management handbook gives foremen "all the answers." J. L. Patterson ..... Oct. 125
Organization chart ..... Dec. 118
Organization chart in the form of a semi-circle. R. T. Finnell ..... Oct. *92
Partnership plan pays off for everyone in the plant. W. H. Wilkerson ..... July *135
Report to employees ties wages to profits. A. G. Heinsohn, Jr. ..... Nov. *83
Responsibility for establishing, maintaining time standards. G. Z. Wollam .. Sept. 134
Taft-Hartley Act — management has the same chance that labor muffed .... Nov. 65
Visual aids in executive training .... Mar. *75
Whats ahead for the unions. Frank Rising Apr. *50
What's happening to productivity—Factory survey (charts & tables) ..... Sept. *66
What management and leaders say should be done ..... Jan. *82
Who the staff man is and what he does. J. W. McFarland ..... Feb. *92
Work simplification starts with training for top management. H. E. McWane Aug. *81
Worker independence again a factor in labor relations. Whiting Williams ... June 94

MANAGEMENT DATA SHEETS

How to insure close control of stores. J. K. Lasser ..... Jan. 143
Job evaluation fundamentals. B. A. Moski, Jr. ..... Apr. 92
Merit rating fundamentals. B. A. Moski, Jr. ..... June 138
Production engineering fundamentals. B. A. Moski, Jr. ..... Aug. 136
Responsibility for establishing, maintaining time standards. G. Z. Wollam .... Sept. 134
Responsibility for incentive administration. G. Z. Wollam ..... Oct. 134
Standard costs fundamentals. B. A. Moski, Jr. ..... July 148
Taft-Hartley Law compared with British and Swedish practice ..... Dec. 130
Time study fundamentals. B. A. Moski, Jr. Feb. 138
Wage incentive fundamentals. B. A. Moski, Jr. ..... Mar. 132
Manning, Maxwell & Moore—instilling safety habits in maintenance worker. H. M. Bradley ..... May *90
Marshall Program preceding page 129 Dec.
Martin, Glenn L. Co.—how to maintain spot-welders. Fritz Albrecht ..... Nov. *84

MATERIALS HANDLING

Adhesive-backed paper tape handling June *134
Barrels handled on pallet by fork truck June *136
Beating the boxcar shortage ..... Apr. *65
Boxcars unloaded faster when receiving dock is extended. Charles Southwell . July *142
Buses assembled on rotatable jigs ... July *144
Carbon black — from bags to bulk with mechanized handling ..... Mar. *78
Consolidated layout quadruples handling capacity. C. J. Giblin ..... Feb. *96
Containers are controlling factor in production increase of earth-moving equipment. H. T. Monson ..... July *89
Conveyorized handling pays its way in 60 days. W. H. Ziegler ..... Sept. *124
Conveyorized operation raises man-hour output. H. G. Knuth ..... Apr. *64
Conveyors—seven conveyors in new layout return cost in four years. F. M. Bock ..... May *73
Crane maintenance program cut cost 30 per cent. A. S. Lucas ..... Feb. *132
Die-cast covers handled more easily after one change. H. B. Rowe ..... July *143
Dolly handles grinding wheels. Ralph Morin Dec. 127
Endless chain draws loaded trucks up ramp Sept. *133
Fitted trucks eliminate trips to stock crib. C. W. Gramlich ..... May *129
Fixture to hold copper coil ..... Feb. *135
Flights and chutes for between-operations handling ..... May *88
Fork trucks double storage capacity, halve man-hours. F. M. Brandon ..... Nov. *129
Grab handles sheet steel ..... Dec. *126
"Hands off" handling for high productivity, Norge Div. G. P. Kennedy ..... Jan. *125
How two men store and distribute millions of gallons of liquid chemicals. J. E. Meyer ..... Jan. *98
Keeping a record of chains and hooks. D. E. McDonald ..... Feb. *135
Lumber handling by mechanization is faster, saves money. B. M. Baker ..... Aug. *97
Lumber sleeves on fork trucks speed boxcar loading ..... June *134
Mail goes faster, at lower cost, by pneumatic tube ..... Nov. *89
Maintenance repair speeded by mechanized handling. T. A. Lewis ..... Aug. *110
Maintenance trucks for on-the-job repairs C. B. Muir ..... Apr. *88
Mechanized handling cuts production cycle time. W. S. Wheeler ..... July *121
Metal corner post protect cartons from damage by passing traffic ..... Mar. *127
Mobile conveyor speeds spray painting Apr. *87
New layout prevents floor wastage. R. V. Wilk ..... Oct. *105
Non-stop production via conveyors ... June *97
Palletizing permits stockpiling for quick shipment. H. V. Lehn ..... Sept. *82
Pallets, collapsible ..... July *142
Pallets—saving in freight pays for expendable paper pallets. E. H. Ashley ... Mar. *108
Periscope speeds automatic operation .. July *142
Placing a long beam in an awkward spot. H. B. McDermid ..... Feb. *134
Power truck fleet solves tough handling problem ..... Apr. *74
Power trucks raise effective storage by 50 per cent. L. H. Niles ..... Dec. *94
Rack for stacking and transporting motor punchings ..... Mar. *127
Rockered dump bin ..... Dec. *128
Scale-model planning gets five big cost-saving results. E. Gray ..... Oct. *108
Scrap handling system paid for itself in two months. E. F. Sharpe ..... Feb. *84
Skids and battery-powered trucks handle sheet glass ..... Nov. *131
Sliding eye on bar for moving heavy racks June *135
Small-plant handling by power truck .. May *123
Solve your handling problems with these three forms. R. W. Mallick ..... June *102
Special hand truck for awkward loads Sept. *131
Stacking truck for long production items Feb. *136
Storage on wheels cuts handling costs 75 percent. L. T. McNeal ..... Jan. *108
Straight-line assembly cuts labor costs 20 percent. H. T. Ehrlich ..... Oct. *86
Swinging racks speed glass inspection. E. E. Redfern ..... May *129
Tilting platform cuts effort in radio packing ..... Oct. *131
Truck ram expands or contracts for loading ..... May *131
25 per cent more products handled and stored by 63 per cent fewer people. C. R. Newpher ..... Jan. *90
Upender dumps scrap into wall chutes. E. B. Bahnsen ..... Oct. *133
Warehouse handles packaged food economically. W. S. Wheeler ..... June *126
Winch on shoplift in punch press department helps spot dies. A. B. Yeager . Dec. *127
Work simplification at engine plant Dustman & Bell ..... Sept. *97
Mathieson Alkali Works—safety rules for maintenance men ..... Nov. 133
McKiernan-Terry—keeping a record of chains and hooks. D. E. McDonald ..... Feb. *135
McQuay, Inc.—small compressors serve local areas ..... May *127
Merck & Co.—check-off procedure. E. J. Lyon ..... Aug. *95
Meters and Metering — Rotary displacement meters. C. S. Hazard ..... Dec. *120
Mexico—how factory workers live. Ernest Hediger ..... July *84
Minneapolis-Moline Power Implement—lead-time chart insures close scheduling. Donald Peddie ..... Sept. *122
Minnesota Mining & Mfg.—visual aids drive home points in training programs. E. S. Howard ..... Oct. *80

MODELS

Plant layout as a cost-cutting tool. O. W. Nelson ..... Apr. *57
Plant model insures success in layout changes, Ford Motor. W. F. Pioch . July *130
Scale model helps plan multi-story handling ..... June *74
Scale models help visualize the production job at Dodge Truck plant. W. S. Wheeler Dec. *74
Scale-model planning gets five big cost-saving results. E. Gray ..... Oct. *108
Visual aids in executive training .... Mar. *75
Modernization—Plant modernization increases output 150 per cent. H. K. McGavock Apr. *66
Monarch Machine Tool—air compressor cooling water salvaged ..... Sept. *133
Low-cost inventories through close controls. C. R. Schubert ..... Nov. *102
Moraine Products Div. General Motors — movable rack holds stripping safely. D. G. Cochran ..... Feb. *134

MOTORS AND GENERATORS

How to select and maintain motor controls. L. E. Markel ..... June *129
How we motorized 95 power presses. S. A. Karch ..... Apr. *60
NEMA sets standards for flange motor mounting (Maintenance Data Sheets) May *132
NEMA standards for integral horsepower induction motors ..... Dec. *124
Stand-by equipment pinch hits when services fail. G. A. Van Brunt ..... Nov. *124
Variable-speed drives (Plant Operation Library) ..... Aug. *113
What sizes of ac motors for pulsating loads. A. F. Lukens ..... Nov. *80
Your electric motor—how to pick it and how to treat it. J. F. Macphearson (Plant Operation Library) ..... Jan. *113

MOTOR REPAIRS AND UPKEEP

Centers ball bearings with setscrews. Frank Cowan ..... Jan. *146
How to maintain motor-driven rheostats. H. F. Littlejohn, Jr. ..... Sept. *118
Tool for removing tight motor pinions. H. E. Wenrich ..... Feb. *156
Motorola, Inc. — fitting maintenance paperwork to size of job. C. W. Gramlich . Oct. *82
Mountain City Mill — electric heaters give more floor space ..... May *131

N

Nashua Gummed & Coated Paper — change speeds handling. H. B. Rowe ..... July *143
National Assn. of Manufacturers Congress of American Industry—discussions .... Jan. 252
National Cash Register — tailored tests to match men and jobs. R. E. Kline .. Nov. *126
National Industrial Conference Board—chart showing hourly and weekly earnings 29 manufacturing industries ..... May 93
National Pneumatic—paid sick leave has accumulation privileges. R. Conklin .. Dec. 127
National Screw & Mfg.—flow chart points way to low-cost maintenance. R. D. Fell Mar. *84
Labor cost control with minimum time lag. R. D. Fell ..... May *104
Neptune Meter — rotary displacement meter —their uses and abuses. C. S. Hazard Dec. *120
Netherlands—how factory workers live. Paul Cats ..... July *79
Nineteen Hundred Corp.—scale model planning gets five big cost-saving results. E. Gray ..... Oct. *108
Noise — sealed compresror house means cleaner air, less noise. W. L. Bowen Oct. *99
Norge Div., Borg-Warner—"hands off" handling for high productivity. G. P. Kennedy ..... Jan. *125
Norton Co., chairman gives foremen basic economic facts. A. C. Higgins .... Sept. 129

O

Oil burner control circuits. Branson Weaver Feb. *86
O'Sullivan Rubber—from bags to bulk with mechanized handling ..... Mar. *78

P

Packard Motor Car — disk wheels painted automatically ..... Jan. *148
Mail goes faster, at lower cost, by pneumatic tube ..... Nov. *89

PAINTS AND PAINTING

Colors for different departments and areas W. J. L. Roop ..... June *91
Disk wheels painted automatically ... Jan. *148
Mobile conveyor speeds spray painting Apr. *87
Test proves better seeing means more production ..... Dec. *111
Windows painted inside and out for coolness. L. W. Deaver ..... Nov. 131
Parker Appliance—consolidated layout quadruples handling capacity. C. J. Giblin Feb. *96
One girl keeps personnel records of 900 employees. R. D. McMillen ..... June *109
Peerless Electric — safe die-spotting with winch on shoplift. A. B. Yeager ... Dec. *127
Pensions—pictures show benefits of pension plan ..... Nov. 132
Why the Ford workers voted down the pension plan ..... Nov. *66
Pipeline tunnels for upkeep economy and continuous service. A. L. Ramp .... Feb. *126
Pitney-Bowes Postage Meter—explains new stock issue in quarterly letter .... June 108
Workers tell company story at open house Aug. *109
Pittsburgh Plate Glass — jurisdictional disputes. H. O. Eby ..... Aug. *88
Swinging racks speed glass inspection. E. E. Redfern ..... May *129

PLANT BUILDINGS

Beautiful plant is more efficient. H. G. Fromm ..... Nov. *76

Carpet yarn plant built for low-cost production and upkeep. R. E. Oberholtzer July *116
Cheney Bros. new plant at Manchester, Conn. ..... Apr. B *60
General Electric's new plant at Tiffin, Ohio Apr. B *49
General Motors Truck & Coach Div. new plant at Pontiac, Mich. ..... Apr. B *63
Industry's buildings and low unit costs Apr. B *41
Old building converted to a windowless plant. J. F. Michler ..... Aug. *104

*Illustrated.

Porter, H. K., Inc. new plant at Somerville, Mass. ..... Apr. B *66
Quonset-type factories provide needed space ..... Mar. *128
Scale model helps plan multi-story handling ..... June *74
Sentinel Radio's new plant at Evanston Apr. B *46
Trends in plant design and construction Apr. B *43
United States Rubber's new building at Detroit ..... Apr. B *54
Warehouse design and construction. Bruce Hainsworth ..... Apr. B *70

PLANT LAYOUT

Consolidated layout quadruples handling capacity. C. J. Giblin ..... Feb. *96
Conveyorized handling pays its way in 60 days. W. H. Ziegler ..... Sept. *124
Conveyors — seven conveyors in new layout return cost in four years. F. M. Bock May *73
Cost cutting with the help of plant layout. O. W. Nelson ..... Apr. *57
Diesel and gas engines produced more rapidly with new layout. W. F. Tiemann Dec. *108
Disappearing boards show plant layout in sections. C. H. Parks ..... Dec. *81
Flow layout means more output at less than estimated cost. Crosley Motors. H. E. Brazier ..... Oct. *76
Hospital layout saves time for patients and doctor. E. A. Irvin ..... June *123
Kilns and equalizing rooms for lumber Jan. 108
Kitchen cabinet assembly on conveyors. H. G. Knuth ..... Apr. *54
Machine assembly layout, Victor Adding Machine ..... Nov. *98
New layout returned first cost in three months, shipping department. W. D. Weidner ..... Aug. *72
New layout prevents floor wastage. R. V. Wilk ..... Oct. *105
New layout and under-floor exhaust duct increases floor space. J. S. Kessler Feb. *100
Plant model insures success in layout changes, Ford Motor. W. F. Pioch .. July *130
Revamped shipping layout cuts costs 10 to 30 per cent. C. M. Erickson .... Sept. *70
Revised layout puts five screw machines in place of every four. C. R. Schubert Mar. *88

PLANT OPERATION LIBRARY

Better vision for greater efficiency Sept. *109-128
Fire-fighting equipment. A. L. Brown .. May *111
Plant lighting. Harris Reinhardt ..... June *111
Revamping electrical distribution systems. D. L. Beeman ..... Oct. *113-124
Trolley conveyors. Sidney Reibel .... Nov. *105
Variable-speed drives ..... Aug. *113
When foreman deals with worker. Gilbreth & Cook ..... Mar. *115
Your electric motor. J. F. Macphearson Jan. *113

Plant repairs and upkeep —
Non-financial awards promote good housekeeping. T. E. Keller ..... July *133
Planned upkeep pays off as never before Apr. NB 72
Porter, H. K., Inc.—new plant at Somerville, Mass ..... Apr. B *66
Porter-Cable Machine — employee relations plan helps double small-plant productivity. R. C. Tyo ..... Dec. *78

POSTERS

Aim at greater production (picture feature) Jan. 136
Always be careful poster ..... Sept. *132
Economic facts in posters ..... Feb. *104
Promote worker welfare ..... Mar. *87
Power generation—Stand-by equipment pinch hits when services fails. G. A. Van Brunt Nov. *124
Power transmission — Variable-speed drives (Plant Operation Library) ..... Aug. *113
Prices—must industry take the rap for high prices (charts) ..... June *104
Printing press repaired by contour sawing. H. J. Chamberland ..... May *130
Proctor & Gamble—foreman the key man in safety ..... Aug. *100
Profits and wages in manufacturing 1929-1945 (chart) ..... Feb. 83

PRODUCTION CONTROL

Bottleneck charts get first jobs done first. Jack Batson ..... Jan. *158
Closer inventory control helps double production. Joseph Wahowski ..... Oct. *126
Containers are controlling factor in production increases of earth-moving equipment. H. T. Monson ..... July *89
Controlling raw materials to meet varying production. R. L. Bowles ..... Jan. *94
Conveyors for non-stop radio production June *97
Customer specifications teletyped to assembly, Kaiser-Frazer. H. J. Busbetter June *86
Decentralized production control at 25 per cent saving. M. V. Haas ..... July *95
Economic facts in pictures prepared for GM employees ..... July *114
Employee relations plan helps double small-plant productivity. R. C. Tyo ..... Dec. *78
Engine production increased 24 per cent with new layout. W. F. Tiemann .. Dec. *108
Flow chart shows a production order's path from placement to completion .... Dec. *98
Flow layout means more output at less than estimated cost, Crosley Motors. H. E. Brazier ..... Oct. *76
Forecasting labor requirements. J. H. Kitterman ..... Mar. 107
It's management's job to fight economic quackery. T. A. Potter ..... May *84
Job instruction sheets increase output per man-hour .W. L. Hardesty ..... Sept. *72
Labor cost control with minimum time lag. R. D. Fell ..... May *104
Lead-time chart insures close scheduling. Donald Peddie ..... Sept. *122
More preplanning, less methods changing. G. R. Faustman ..... June *76
New equipment ordered with three-form system. J. R. Taylor ..... Dec. *82
Posters aim at greater production (picture feature) ..... Jan. 136
Posters give economic facts ..... Feb. *104
Production control based on improved inventory records. F. O. Orthey .... Dec. *98
Production engineering fundamentals. B. A. Moski Jr. ..... Aug. 136
Production planning and control for quick customer service. E. M. Lang ..... Feb. *123
Productivity is topic at conference of Society for the Advancement of Management ..... Jan. 242
Responsibility for incentive administration. G. Z. Wollam ..... Oct. 134
Scale models help visualize the production job at Dodge Truck plant. W. S. Wheeler Dec. *74
Scale-model planning gets five big cost-saving results. E. Gray ..... Oct. *108
Selling a new production control plan to supervisors. A. G. Newton ..... Dec. *118
Simple board and four-part form control materials flow. Jack Batson ..... Mar. *100
Simplified tool control for decentralized operation. T. M. Landy ..... Aug. *106
Speeding upkeep with job scoreboard. J. M. McGregor ..... Jan. *89
Straight-line assembly cuts labor costs 20 per cent. H. T. Ehrlich ..... Oct. *86
Weatherhead Co. cuts production control costs with new system. R. J. Finnegan June *83
What close control of inventory means to management. J. C. Borden ..... Feb. *105
What's happening to productivity—Factory survey charts and tables (ed) .... Sept. *66
Work simplification cases ..... May *108
Production flow charts—Rubber tires ... Dec *97
Public Buildings Administration—test proves better seeing means more production Dec. *111

PUBLIC RELATIONS

Ads tell workers about company products. H. A. Morss Jr. ..... May *125
Booklet extends welcome to visitors .. Mar 127
Case study in transmitting company facts. E. O. Johnson ..... Oct. *100
Guided tours build good will ..... May *131
How we organized our open house. B. H. Reeves ..... Feb. *115
Selling the company to the community Apr. *78
"Welcome booklet" creates good impression. Frank Rowell ..... Aug. 133
Welcoming folder ..... May *130
Workers tell company story at open house Aug. *109

R

Radiant Mfg.—preview of catalog builds good will ..... Dec. *126
Railroad Yardmasters of North America—the state of the unions. M. R. Franks ... Feb *112
RCA Tube Dept.—cases in work simplification ..... May *108
Floor care at low cost. H. C. Henderson July *139
RCA Victor Div.—coded colors show which power outlets to use. J. H. Duncan June *89
Jobs analyzed for work hazards. C. H. Metz Aug. *126
Records—how long to keep. J. B. Kaiser May 244
Red cross use is restricted ..... May 131
Reliance Electric & Engineering Co.—25 per cent more products handled and stored by 63 per cent fewer people. C. R. Newpher ..... Jan. *90
Revere Copper & Brass—illegal strikes. J. H. Eikenberg ..... Aug. *92
Reynolds Wire — semicircular chart shows who's who in the plant. R. T. Finnell Oct. *92
Rice & Adams—closer inventory control helps double production. Joseph Wahowski Oct. *126
Riegel Paper—the "how" of maintenance for 24-hour operation. T. M. Walters .. July *124
Rockbestos Products Corp.—how we organized our open house. B. H. Reeves .... Feb. *115
Selling a new production control plan to supervisors. A. G. Newton ..... Dec. *118
Rohm & Haas—pictures show benefits of pension plan ..... Nov. 132
Roos, Ed. Co.—conveyorized handling pays its way in 60 days. W. H. Ziegler .. Sept. *124
Ryan Aeronautical Co.—educating workers in safety reduces lost-time accidents. M. M. Clancy ..... Sept. *103
Mobile conveyor speeds spray painting Apr. *87
Sliding eye on bar for moving heavy racks. June *135

S

SAFETY

Always be careful poster ..... Sept. *132
Better vision for greater efficiency (Plant Operation Library) ..... Sept. *109-116
Break-glass box protects emergency keys. R. B. Thompson ..... Feb. *135
Clock records lost time accidents .... Jan. *146
Condensate return insulated ..... Dec. *127
Doors protected by snubbers. Elton Sterrett July *144
Dumb Dora cartoons enliven safety program Feb. *130
Educating workers in safety reduces lost-time accidents. M. M. Clancy .... Sept. *103
Emergency stop switches operated by foot. Ralph Morin ..... Sept. *131
Fire-fighting equipment. A. L. Brown (Plant Operation Library) ..... May *111
Foreman the key man in safety training Aug. *100
Hospital layout saves time for patients and doctor. E. A. Irvin ..... June *123
How plant-fitness inspections are made and followed up. H. E. Husson ..... June *79
How we convince 22,000 workers that safety is their business. T. J. Cain Jr. Dec *114
Instilling safety habits in maintenance workers. H. M. Bradley ..... May *90
Jobs analyzed for work hazards. G. H. Metz Aug. *126
Machine operators "do's" ..... June 136
Modernized foundry to make it a better place to work (picture feature) ... Sept. *74
Portable unit brings safety films to the shop. Alvin Pittman ..... Nov. *130
Regular inspection keeps hoists and ladders safe. C. Y. Wilgus ..... Feb. *121
"Safety crime" puzzle makes worker hazard-conscious ..... Mar. *77
"Safety inspector" honorary appointment Nov. 131
Safety rules for maintenance men ... Nov. 133
Shields covering wheels ..... Nov. *130
Stairway mirrors eliminate accidents. A. L. Bechtold ..... Aug. *132
Two-language manual teaches safe work habits ..... Jan. *148
Unusual electrical fires—and why they occurred. C. F. Hedlund ..... Mar. *110
White band around buildings helps safety and housekeeping ..... Aug. *132
Safety, see also fire protection
Salvage — abrasive wheels salvaged. H. J. Keener ..... Nov. 130
Scott Paper—ten-step upkeep in a non-stop plant. H. S. Godshall Jr. ..... Nov. *120
Scovill Mfg.—damage suits by and against unions. Alan Curtiss ..... Aug. *94
Veterans Administration approves training course ..... Mar. 76
Scrap—handling scrap system paid for itself in two months. E. F. Sharpe ..... Feb. *84
Seagram, Joseph E. & Sons—foreman train workers with ready-made lectures. J. Manczyk ..... July *128
How to rate your housekeeping. Blankmeyer & Kacel ..... Mar. *90
When to strike and why. H. F. Wilkie Oct *88
Seiberling Rubber—rubber tires flow sheet Dec. *97
Sentinel Radio—new plant at Evanston Apr. B *46
Shakeproof Inc. Div. Illinois Tool Works—scrap handling system paid for itself in two months. E. F. Sharpe ..... Feb. *84
Sherwin-Williams—inspection forms aid elevator maintenance. Charles Huebner Feb *135

SHIPPING

Beating the boxcar shortage ..... Apr. *65
Inspection, packaging, finished stock and shipping departments combined in one work area. C. J. Giblin ..... Feb. *96
New layout of shipping department returned first cost in three months. W. D. Weidner ..... Aug. *72
Revamped shipping layout cuts costs 10 to 30 per cent. C. M. Erickson ..... Sept. *70
Signode Steel Strapping—bonus and profit sharing raise plant efficiency—and no mistake. J. M. McGregor ..... Feb. *102
Speeding upkeep with job scoreboard. J. M. McGregor ..... Jan. *89
Simplex Wire & Cable—ads tell workers about company products. H. A. Morss Jr. May *125
Emergency squad strengthens defense against fires. G. A. Van Brunt .... Feb. *94
SKF Industries—getting ideas from foremen for labor contract changes. H. F. Gracey Oct. *94
Smith, Alexander & Sons Carpet — stamp book facilitates voluntary payroll saving Oct *131
Smith, Carroll D. Pharmacal—break-glass box protects emergency keys. R. B. Thompson ..... Feb. *135
Missing fire protection equipment spotted. R. B. Thompson ..... Apr. *90
Snow removal by steam heat. R. B. Thompson Nov. *97
Society for the Advancement of Management-full productivity conference ..... Jan. 242
Sonoco Products—savings accounts for new babies ..... Apr. *67
South Africa—how factory workers live. Tony Adams ..... July *88
Standard Oil—visual aids in executive training ..... Mar. *75
Standard Register — portable unit brings safety films to the shop. Alvin Pittman Nov. *130
Stanley Works—booklet extends welcome to visitors ..... Mar. 127
Stevenson, Jordan & Harrison—the new labor Relations Board. R. A. Lind ..... Sept. *95
Stewart-Warner—desk posters set supervisors to thinking. G. F. Thomas ..... Aug. *75
Mechanized handling cuts cycle time by two-thirds. W. S. Wheeler ..... July *121

STOCKS AND STORAGE

How one company solved its bar stock storage problem. C. H. Parks .... Nov. *71

*Illustrated.

How to insure close control of stores (Management Data Sheet). J. K. Lasser Jan. 143
Maintenance stockroom system, Wallace & Tiernan. R. H. Heidrich ....Apr. *84
Simplified tool control for decentralized operation. T. M. Landy ....Aug. *106
Small parts mourted on board ....July *144
Special storage for inspection gages..Aug. *134
Stockpiles controlled by vertical separators June 134
Storage in key areas cuts floor space 60 per cent. Norman Quigg ....Aug *125
25 per cent more products handled and stored by 63 per cent fewer people. C. R. Newpher ....Jan. *90
Superior Engine Div., National Supply Co.—efficiency up 24 per cent with new layout. W. F. Tiemann ....Dec. *108
Supersonic Reflectoscope — equipment available for finding flaws. G. A. Van Brunt May *94
Sweden—how factory workers live. G. H. Smith ....July *81
Swift & Co.—suggestions aired at weekly forum ....July 143
Swisher, John & Son Cigar—keeping the kids while mother works ....Apr. *81
Sylvania Electric Products — plant lighting. Harris Reinhardt (Plant Operation Library) ....June *111
Welcoming folder ....May *130

T

Talon, Ind. — plant gives company facts in local ads ....June *100
Tank storage of liquid chemicals. J. E. Meyer Jan. *98
Tel-O-Post — machinery installed with telescopic posts ....Oct. *132
Terminal Island Naval Shipyard — motion study slashes office man-hours. Homer Smith ....Dec *93
Texas Co.—collective bargaining negotiations. James Tanham ....Aug. *96
Textron, Inc.—Dumb Dora cartoons enliven safety program ....Feb *130
Thomas, I. P. & Son — palletizing permits stockpiling for quick shipment. H. V. Lehn ....Sept. *82
Thompson Products Co.—maintenance budget matches manpower and work load. P. K. Burkons ....Sept. *106
Semi-circular jig for order preparation Aug *132
Simplified tool control for decentralized operation. T. M. Landy ....Aug. *106
Workers get wage-and-profit data by picture-story report ....May *128

TIME AND MOTION STUDY

Collating sheets for booklet—time saved by motion study. Homer Smith....Dec. *93
Industrial engineering—a survey of practice in 80 plants. R. M. Barnes....Mar. *102
Making job improvement everybody's job. R. C. Hasselhorn ....Dec. *100
Making work simplification everybody's tool. W. S. Wheeler ....Feb. *89
On-the-line training with job instruction sheets. F. X. Droege ....Nov. *72
Plantwide cost reduction raised output 50 per cent, Victor Adding Machine. Otto Madliger ....Nov. *98
Power screwdrivers paid when used 30 minutes a day. Alan Kahn ....July *137
Responsibility for establishing, maintaining time standards. G. Z. Wollam (Management Data Sheets) ....Sept. 134
Responsibility for incentive administration (Management Data Sheets). G. Z. Wollam ....Oct. 134
Semi-circular assembly jig for order preparation ....Aug. *132
Time study fundamentals (Management Data Sheet). B. A. Moski Jr.....Feb. 138
Time study training for stewards and committeemen. H. M. Hinkel ....Aug. *78
Work simplification at engine plant. Dustman & Bell ....Sept. *97
Tires—Rubber tires production flow chart Dec *97
Tool Steel Gear & Pinion—a little more paperwork—but it helps cut repair costs. Ray Stroppel ....Dec. *107
Towmotor Corp. — flexible wood cover protects layout plate ....Oct. *132
Small parts mounted on board....July *144
Special storage for inspection gages..Aug. *134

TRAINING

Checklist assures new employee training. W. E. Delaney ....Dec. *128
Foreman the key man in safety training Aug. *100
Foremen train workers with ready-made lectures. J. Manczyk ....July *128
Formal training in mechanical and electrical maintenance. W. J. Brookings Oct. *106
Four-hour induction school gives job picture to new workers. P. C. Williams Nov. *117
"Freshmen" earn while they learn, Westinghouse Lamp Div. ....Jan. *142
Job instruction sheets increase output per man-hour. W. L. Hardesty ....Sept. *72
Methods manual for small shop. H. H. Alden ....Dec. 85
On-the-line training with job instruction sheets. F. X. Droege ....Nov. *72
Supervisory "vitamins" used in training. Dan Grady ....July *143
Three-day vestibule sessions set the stage for quicker on-the-job training. M. R. Collins ....Jan. *133
Time study training for stewards and committeemen. H. M. Hinkel ....Aug. *78
Training in a plant that's not so big. P. W. Kayser ....Apr. *82
Veterans Administration approves Scovill training course ....Mar. 76
Visual aids drive home points in training programs. E. S. Howard ....Oct. *80
Visual aids in executive training....Mar. *75
Work simplification starts with training for top management. H. E. McWane...Aug. *81
Tri-Clover Machine—new layout and underfloor duct cut floor area in half. J. S. Kessler ....Feb. *100
Twentieth Century Fund—U.S.A. 1950-1960 (charts & tables) ....May 96a

U

Uarco Ind.—new layout returned first cost in three months. W. D. Weidner....Aug. *72
United Specialties—storage in key areas cuts floor space 60 per cent. Norman Quigg Aug. *125
United States — how factory workers live. Charles Schubert ....July *68
U. S. Bureau of Labor—wage rates in manufacturing, U. S. 1941, 1945, 1946 Sept. *75
United States Rubber—new plant at Detroit Apr B *54
Special mounting isolates vibration..June *135
U. S. Rubber Co., Shoe Hardware Div.—modernized foundry to make it a better place to work ....Sept. *74

V

Victor Adding Machine—plantwide cost reduction raised output 50 per cent. Otto Madliger ....Nov. *98
Twice-a-year interviews help us stay acquainted with workers. G. H. Turner Apr. *73
Wall ashtrays help keep plant clean. A. V. Larson ....Jan. *150
Victor Mfg. & Gasket Co., better lubrication at two-thirds the old cost. F. B. Bahnsen Sept. *100
Less labor turnover — because applicant previews job. Robert Young ....July *93
Upender dumps scrap into wall chutes. E. B. Bahnsen ....Oct. *133
Visking Corp.—determining bargaining units. L. C. Bajork ....Sept. *89
Name tags help maintain friendly atmosphere ....Mar. *128
News letter keeps supervisors informed Feb. 136
Q and A method used to explain guaranteed income plan. L. J. Bajork ....Oct. 129

W

WAGE PAYMENT PLANS

Bonus and profit sharing raise plant efficiency—and no mistake. J. M. McGregor Feb. *102
Booklet for employees explains pay plan Apr. 90
Family allowance for salaried employees Oct. 131
Guaranteed annual wages ....Feb. 79
Hourly and weekly earnings 29 manufacturing industries, 1946 NICB figures May 93
Nathan report on the wage policy for 1947—fallacies of the report ....Jan. 97
Profits and wages in manufacturing 1929-1945 (chart) ....Feb. 83
Salaries and wages per full-time employee 1929 and 1939-1946 ....Oct. 128
35+5=42½ a new wage plan. R. H. Scobell ....May *102
Visking guaranteed income plan. L. C. Bajork ....Oct. 129
Wages are tied to profits—both workers and company gain. S. H. Hammond Mar. *105
Wage plan guarantees share of production. A. J. Woodfield ....Nov. *74
Wage rates in manufacturing, U. S. 1941, 1945, 1946 (chart) ....Sept. 77
Worker income and outgo in 14 countries (table) ....July 76
Walker-Turner—painting, layout change cuts cost, improves job. E. J. Warwick..Oct. 133
Wallace & Tiernan—no red tape in this maintenance program. R. H. Heidrich Mar. *123; Apr. *84
Powerfactor correction controlled by time clock. R. H. Heidrich ....July *111
Waltham Watch—union brags about its company ....Jan. 240
Ward Leonard Co.—how to maintain motor-driven rheostats. H. F. Littlejohn Jr. Sept. *118
Warney & Swasey—simple repair cost record guides machine maintenance. J. R. McLain ....Oct. *110
Waste elimination — oil reclamation system paid for itself the first year. Knell & Keast ....Sept. *78
Weatherhead Co.—new system cuts production control costs 35 per cent. R. J. Finnegan ....June *83
Seven conveyors in new layout return cost in four years. F. M. Bock ....May *73

WELDING

How to maintain spotwelders. Fritz Albrecht ....Nov. *84
Reducing standard parts costs by 10 per cent a year. C. E. Erickson ....Mar. *71
Repairing cylinder by welding saves time, money. A. R. Callender ....Mar. *130
Water turbine shaft repaired by welding. A. R. Callender ....Apr. *88
Western Automatic Machine Screw—revised layout puts five screw machines in place of every four. C. R. Schubert....Mar. *88
Western Electric—elaborate maintenance surveys key to plant fitness. H. L. Husson May *80
How plant-fitness inspections are made and followed up. H. L. Husson ....June *79
Westinghouse Electric — collapsible pallets July *142
Exhibit of products sparks worker interest Dec 127
How to maintain electrical meters and instruments. C. E. Fry ....Oct. *96
How to select and maintain motor controls. L. E. Markle ....June *129
Mercury-incandescent lighting for high bays. W. W. Wendelken ....Aug. *128
Rack for stacking and transporting motor punchings ....Mar. *127
Responsibility for establishing, maintaining time standards (Management Data Sheets). G. Z. Wollam ....Sept. 134
Responsibility for incentive administration (Management Data Sheets). G. Z. Wollam ....Oct. 134
Solve your handling problems with these three forms. R. W. Mallick ....June *102
Stacking truck for long production items Feb. *136
Westinghouse Lamp Div. Bloomfield, N. J.—"fresh men" earn while they learn Jan. *142
White Motor—extended receiving dock repays cost in 6 months. Charles Southwell July *142
Four-hour induction school gives job picture to new workers. P. C. Williams Nov. *117
Signal lights trace electrical trouble. Pay Connelly ....Aug. *134
White Sewing Machine—storage on wheels cuts handling costs 75 per cent. L. T. McNeal ....Jan. *108
Whiting Corp.—Town Hall meetings for better human relations. S. H. Hammond Jan *106
Wages are tied to profits-workers and company gain, S. H. Hammond....Mar. *105
Willett, Consider H., Inc.—fork trucks double storage capacity, halve man-hours. F. M. Brandon ....Nov. *129
Willys-Overland — low chairs for underbody work ....May *129
World War III—General Somervell says: industry must act now to stop World War III ....Aug. *66
Wright Aeronautical Corp.—oil reclamation system paid for itself the first year. Knell & Keast ....Sept. *78
Switchboard model pilots substation operation. Joseph St. Andre ....Feb. *110

X

Y

Yale & Towne—special hand truck for awkward loads ....Sept. *131
York Corp.—rights of individual workers. J. E. Moody ....Sept. *87

Z

Zenith Radio Corp.—making work simplification everybody's tool. W. S. Wheeler Feb. *89
Non-stop production via conveyors..June *97
